10¢ BY CARRIER 15¢

Local PEP Started On Sturgeon River

Despite brisk winds and intermittent snow squalls, crews of hardy workmen attacked the banks of the Sturgeon River Monday afternoon, thus launching the local phase of the Priority Employment Program, recently initiated by the provincial government.

With a \$75,000 budget to work with, the Alberta Water Resources Branch believes that it can remedy two trouble spots along the Sturgeon where river jams cause flooding damage every Spring. One of the trouble areas is in the Municipal District of Lac Ste. Anne, adjacent to rich farmland in the Alameda area. The other is east of St. Albert about 20 miles, starting at the bridge located north of Nampa and located within the MD of Sturgeon.

Water Resources district engineer, Tom Slater and his assistant Phil Hunt esti-

mated that a total of 60 men could get the job done from December 11 until the Spring thaw. They further decided to put two crews of 10 men each to work in the Alameda sector and four crews in the eastern part of the flood-prone Sturgeon.

The crews of hardy workmen, recruited from many centres located along the Sturgeon, work under foremen whose instructions are quite simple . . . "Chop away any obstacle you feel might cause a river jam and stack the trees, roots, brush or whatever you find, on the ice of the river and burn it."

The two gangs of workmen, equipped with axes, power saws and other hand tools will walk the Sturgeon banks and clear them as they move along. Each man will be expected to put in an average of seven hours per day and will be paid at the

rate of \$2.75 per hour. He provides his own transportation, carries his own lunch and is fully covered in case of accident.

To define the order of authority in this Sturgeon River Basin clearing project, Mr. Slater explained, that the entire job, although it's split into two areas, comes under the joint authority of the two Members of the Legislative Assembly representing the two constituencies concerned.

The Western leg of the project falls under the jurisdiction of William Purdy, MLA-Stony Plain, in whose constituency the MD of Lac Ste. Anne lies, while the eastern project is the responsibility of Ernie Jamison, MLA-St. Albert, in whose constituency the MD of Sturgeon is located. Coming directly under the MLAs are the two Reeves of the municipal districts who communicate with Mr. Slater, district engineer for the Water Resources Department. His assistant, Phil Hunt is in charge of the project out there on the sites.

The most sensitive position related to the entire project is that of Chairman Bill Veness who correlates every function between the government departments, the elected municipal representatives and the workmen and their respective foremen. Mr. Veness, a most astute local businessman and a concerned citizen regarding the improvement of the Sturgeon River flooding situation has already logged many hours and many miles toward helping get this project in motion.

Cont'd on Page 2

Monday morning was a very important day for pupils of the St. Albert Protestant Kindergarten and Nursery when all 44 of them were brought to Grandin Shoppers Mall to visit with Santa and buy Christmas gifts for Mom and Dad. Above helping Santa are Gloria Stacey (left) assisted by Laura Nessel, both members of the Single Parents group responsible for bringing Santa on the Mall.

Santa-On-The-Mall Deluged With Kids

The St. Albert Single Parents Club have done such a grand job of setting up a Christmas Throne in Grandin Shoppers Mall that it seems Santa will make it his semi-permanent residence. Santa arrived Dec. 4th and told The Gazette this week he plans to stay until December 22.

There are many reasons why Santa is making an extra long stop-over in St. Albert, not the least of which is the plush throne the Grandin Shoppers Park Association merchants built and furnished for him. Another reason is the extra attention he's

been getting from the thousands of children who are visiting him daily and the help given him by the volunteer elves.

On December 13, 14 and 15 Santa will be taking more orders between 3 and 5 p.m. and 6 to 8 p.m. On Saturday, December 16 the Jolly Old Fellow will occupy his throne between 10 and 12 a.m. and 1:30 until 5 p.m. Then from December 18 until the 22 Santa will be on deck between 3 and 5; 6 until 8 p.m. daily.

In an interview with members of the Single Parents Club, they explained that

it was their opinion that a Santa should be set up in The Mall for the convenience of this community. Their idea met with 100 per cent approval from the merchants and the project was launched. The Santa Throne was erected by the merchants, decorated by the Single Parents and treats were supplied for each child who visited Santa. There's even a photographer on duty, ready to take color photographs of the youngsters talking with "The Jolly Old Guy."

Many parents have expressed their delight at having Santa on The Mall, they all agree that this project, spearheaded by the Single Parents and sponsored by The Mall Merchants saved many residents, many trips to the city.

Volunteer Santa's have been drawn from the Youville Home, The Mall Merchants and relatives of the Single Parents Club. Even the lady residents of the Youville Home have contributed toward the success of this Christmas project.

Gloria Stacey, one of the active members of the Single Parents Club said it would be almost impossible to enumerate all the firms and individuals who have made our Santa-on-The-Mall project such a wonderful success.

Fire Destroys Truck

The truck, owned by Sellers Oilfield Haulers Ltd. is considered to be a total write-off.

Other recent fire calls included an overheated grease pan on the stove in an apartment in St. Albert where the local fire department had to put their smoke-ejector to work and clear the premises of offensive smoke. No damage was reported. Another call, this one out in the MD of Sturgeon, proved to be a faulty natural gas connection to a clothes dryer. The local fire department shut-off the gas supply to the dryer and referred the problem to Northwestern Utilities Ltd.

"Had this happened," said Fire Chief Fred Tetarenko, "we would have had a real problem on our hands."

Father Jan Students Celebrate Yule Mass

Students attending Father Jan School held their Yule Mass last Wednesday morning and according to the teachers, members of the clergy and the students themselves, the religious exercise was a very meaningful experience.

The students were given a free hand to organize this special Mass and came up with something really original. They decorated the school gymnasium with handmade posters proclaiming very meaningful messages. The lights in the gym were subdued to give an overall soft atmosphere while spotlights and projec-

tors were used to give special effects.

The altar used was a simple table on which were the principal ingredients for Father Polier to celebrate Mass. Father Ubaldo Duchesneau and his choral group led the congregation in joyous singing, in which the entire assembly joined in.

To an outsider looking in the religious exercise was a moving one. It was an occasion when young men and women took an active part in organizing a religiously-significant event, participated in it and appeared to enjoy every minute of it.

Priority Employment Program field supervisor from the Department of Water Resources Phil Hunt, is shown at left talking things over with three of his crew chiefs. Next to Mr. Hunt are Bob Bellerose, RR 2, St. Albert; Emile Theroux, RR3 Ft. Saskatchewan and Erwin Rothweiller, Calahoo. This was the scene Monday afternoon at the Nampa Bridge about 20 miles north-east of here where the Eastern PEP got underway. These men will be in charge of four crews of 10-men in each, hacking away at debris along the banks of the Sturgeon in an effort to remedy the annual Spring flooding of valuable farm land.

Father Jan Girls Simpson Boys Win ATA Trophy

The Father Jan Girls Volleyball team was awarded the ATA Local 66 Trophy after edging out the Sir Alexander Mackenzie team as well as the contenders from Sir George Simpson.

After playing six contests the final total points stand at 17 for the winning Father Jan team. Close behind were the SAM girls who wound up with 16 points. Trailing were the Simpson girls who only got three points on the scoreboard, at the end of the St. Albert Junior High Volleyball League season.

In the boy's division of the same league, Sir George Simpson won the ATA Local 66 Trophy in the recently-completed Junior High Volleyball League playoffs.

In the six-game series, Simpson boys tallied 20 points while their nearest rivals were Sir Alexander Mackenzie boys, who came up with 11 points. Father Jan boys came in last with only five points. Mr. Bernie Poulin, vice-president of the St. Albert ATA Local made the trophy presentations.

Lloyd Hopkins

Cont'd from Page 1

On Monday, as the crews were being formed and instructions issued, Phil Hunt said that he was very impressed with the calibre of men who had already reported for work. "They sure look like a good gang of hardy workers," he said. He added that more applications are required to fill a few vacancies remaining on the 60 man work force. He suggests that any able-bodied man interested in applying for a job, can do so through Mr. Veness in St. Albert, the Town Hall or either municipal office in Lac Ste. Anne or Sturgeon.

Winners in the Girl's Division of the recently-completed St. Albert Junior High Volleyball competitions are the above champs from Father Jan School: back row left to right: Rita Piquette, coach and math teacher, Sharon Tulloch, Cindy Reinhold, Kathy Haffart, Pat Demers, Edna DeChamplain and Len Bracko, assistant-coach and phys.-ed. teacher. Shown presenting the ATA Volleyball Championship Trophy is ATA vice-president Bernie Poulin to Bernie Dolphin, captain of the team. Next are: Isabelle Ethier, June Borle, Mary-Anne Sanche, Joan Powers, Laura McQuitty and Carolyn Ringuette. Missing was Colette Hebert.

The boys from Sir George Simpson School were awarded the ATA trophy after winning the Junior High Volleyball League championship in the Boy's Division, here recently. Back row: Jerry Hamel, Cornelius Hadziyev, Maurice Isaac, Mr. S. White. Second row: Bernie Poulin, ATA vice-president presenting the trophy to Kevin McKendry. At left are: Terry Leddy, Rod Wiltshire, Doug Webber, while front row shows: Carmen Cook, Lanny Averill, Norm Slim, Rick Birdsell and Guy Armstrong.

Calgary Power Launches Spray Cooling Program

Calgary Power Ltd. has undertaken a unique water cooling test program at its Sundance coal-fired power plant on the south side of Lake Wabamun, 45 miles west of Edmonton.

The program will test the theory of cooling water using spray modules, or fountains, that dissipate heat to the atmosphere.

The Sundance plant borrows large quantities of water from the lake, and cooling the water before returning it to the lake has been the subject of testing and research at the plant recently.

Spray systems are unprecedented in power plants in Canada, and could provide an alternative to cooling towers or other devices.

The experimental modules -- there are six modules, each containing four sprays -- disperse water in a fine spray 17 feet into the air, releasing heat to the atmosphere.

During the testing pro-

gram water temperatures before and after the spray complex, will be recorded to determine the system's effectiveness.

The spray modules could be used in a closed circuit cooling system, where a miniature lake is created -- cooling ponds in engineers' language -- and the modules dot the surface of a pond to cool the water before its return to the plant.

Capital costs for cooling the water could run as high as \$1.2 million dollars and resulting annual costs would be passed on to the consumer.

The current temperatures of the water returning to the lake from the Sundance plant varies between 55 and 85 degrees, dependent largely on the season, says senior company engineer Walt Saponja. "But of course that doesn't mean the lake temperature is increased by that much. The heat quickly dissipates to the atmosphere

and affects only a small portion of the lake."

Concern for cooling the water came after cottage residents on Lake Wabamun raised alarms about an increase in weed growth in the lake.

Scientists agree that many factors have contributed to this increase in weed growth, and Calgary Power is on record as conceding that the introduction of heat from the plants may have some impact although no conclusive evidence has been produced.

During the past summer the company conducted a \$90,000 weed harvesting program at its other plant on the north side of the lake with some assistance from the Government of Alberta, the summer Village of Kapasiwin and the County of Parkland.

The harvesting program yielded more than 1,500 tons of weeds, containing an estimated three tons of

phosphates, a major requirement for weed stimulation.

Mr. Saponja says a continuing weed harvesting program on the north side should reduce problems associated with weeds.

The harvesting and experimental cooling program are part of a mammoth environment control program at the two plants.

In addition to these projects, the company operates a highly-successful land re-

clamation program at the coal mines adjacent to the plants, and is currently installing electrostatic precipitators at Sundance that will effectively eliminate 99.5 per cent of fly ash emissions from the stacks.

Total cost of all these programs could exceed

"I wouldn't say my husband drinks a lot," the wife said, "but he's the only guy in the world who doesn't see anything unusual about the Tower of Pisa."

\$50,000,000 and in its recent application for increased rates Calgary Power listed these costs as one of the reasons.

Unfair Tax

The Editor:

May I comment on the Supplementary Tax Assessment, as discussed in an item of the November 29, Gazette.

Those who have purchased a home in St. Albert feel discriminated against. We are prepared to pay a fair share of the municipal taxes but in this case Council has changed the rules in the middle of the game. It was the Provincial Government who passed legislation allowing the town of effectively make the tax retroactive and therefore, they are mainly responsible for the tax mess.

Defend as you may, the system, there are a number of injustices. Among them is the reassessing, in my case, in September, but mailing the tax notice in November. Why should the fact that I have been reassessed be withheld from me for all these months?

Why should the Provincial Government go to great lengths to assure that every home in the Province is assessed on the same basis and then allow every Municipal Government to use a different percentage

of that assessment as a base on which to apply the mill rate. A new home purchaser has a right to know what taxes he is expected to pay. I for one was shocked to learn that the St. Albert mill rate applies to 60 per cent of the assessment while in Edmonton it applies 50 per cent of the assessment. In deciding where to purchase a new home, tax is certainly a factor. If the taxes are 20 per cent higher in St. Albert then that is a fact that should be known to me by merely finding out what the mill rate is. Maybe I will decide it is worth it, maybe not but I should not have to learn municipal taxation to find out.

Point number three, your article claims this tax is not retroactive and not unfair. Well perhaps, but can you explain why I should pay more taxes than the person who built last year? Or the year before? Taxes have been assessed for many years on the previous basis is it really fair to change that system without notice?

When the Court of Revision does sit in St. Albert I will be there. I hope hundreds of other new residents will join me.

John H. Hudson.

SAM SQUIBS

By Shelley Bosetti

December 1st marked the day for SAM's school fair. It was held as a fund raising activity sponsored by the Students Union. The money raised is to be put toward a new P.A. system

for our future activities.

The fair centered around a variety of activities and events in sponge throwing booths, candy shops, horror houses and in a real old fashioned saloon. Even a live dog was raffled off to a good home.

The turnout was excellent and profits are expected to be high.

SAM is looking forward to other such activities throughout the year. I'm sure they too will be met with much enthusiasm.

Around Town

The staff of the Bruin Inn enjoyed a real friendly Christmas Party December 3rd at which members of the Inn personnel, relatives and friends were guests of their genial employer Albert Hauptman. Albert's mom Molly put on a special spread for the guests, which included a variety of special dishes and lots of coffee and refreshments. There were about 30 who attended and enjoyed the meal and festivities.

** ** *

Garry Wescott, 13 year old singing sensation from St. Albert entertained last Sunday at the Alberta Government Telephones Christmas party held in Edmonton. The budding singer shared the entertainment bill with Danny Mahoney, slight-of-hand artist veteran of stage and screen. The team of entertainers then proceeded to The Riviera Hotel where they performed at another Christmas party. Garry was accompanied by The Roadrunners, a popular Edmonton rock band. For the Christmas season, Garry is already booked for three performances at the provincial gaol at Fort Saskatchewan, December 20, 21 and 24 where he and Danny Mahoney will entertain the inmates.

Dr. J. M. Howell of the Sturgeon Health Unit is presently enjoying a pre-Christmas holiday trip to Britain where he and son Andrew, age nine, will visit with the good doctor's mother and grandmother. They left the Edmonton International Airport Friday, Nov. 30th and expect to return home about the 15th of December.

Bon Accord received goals from H. Allen, B. Campbell, R. Welman, G. Gaurelitz, T. Ramstad and D. Palmer. Knapp didn't have too many tough shots to handle but came up with a couple late in the game to preserve the shutout.

The second half of the double-header in the Legal Arena saw the hometown Citadels score a hard fought 5 - 3 win over Calahoo Scorpions. Legal took an early 2 - 0 lead on goals by Bert St. Martin and Gary Kalyn. Calahoo fought back and tied the score as Emil Berube and Andre Contant blinked the light.

Legal took advantage of two Calahoo penalties and popped in a pair of goals for a 4 - 2 lead. Capt. Dennis Pelletier and Don Brisson were the Legal marksmen. Both clubs scored one goal apiece in the second period with Jay McGeough tallying for Calahoo and Lawrence Colombe for

the Citadels. Calahoo dominated the early part of the scoreless third period, getting many excellent scoring chances but failed to find the mark.

In Morinville the home-town squad led by the two goal performance of O'Neil Chevalier scored a 4 - 1 decision over Gibbons. Roger Chalfoux and Brian Telford added singles.

Defending league champions Namao had no trouble picking up where they left off last season, doubling the score over Alexander Braves 6 - 3. Gary Gauthier and Tom Crozier led the attack with two goals each while Bob Crozier and Joe Rye added the others.

The 21 game schedule will be played in both arenas each Tuesday, Friday and Sunday. Mid-week games are at 7 and 9 p.m. while Sunday encounters go at 1 and 3 p.m. The schedule ends January 30, with playoffs to follow immediately.

Willowbrook Comets Head Central League

St. Albert Willowbrook Comets moved six points ahead of second place Leduc Oilers in the Edmonton Central Hockey League with an exciting come-from-behind 7 - 6 win over Westlock Eagles last Friday night in St. Albert. Comets only loss of the season was a 6 - 3 loss to the Eagles.

Comets speedy forward Henry Hodgson also holds down top spot in the scoring race with 10 goals and 10 assists for 20 points. Harvey Kirkland with 13 points including seven goals is the only other Comet in the top ten.

Hard working Brian Stevens gave the Comets a 1 - 0 lead at 1:02 of the first period, banging in a rebound from Al Laplante and Ron Fournier. Westlock's leading scorer Leo Provincial took advantage of some sloppy Comet play inside their blueline and scored two goals to put the Eagles out in front 2 - 1.

Both goal judges were kept busy in a space of just over three minutes, as four goals were scored. Stevens poked in another rebound at 15:50 to tie the game, only to have Westlock go ahead 3 - 2 on a goal by Ray DeChaplain at 16:55. St. Albert's Harvey Kirkland scored on a breakaway at 17:45 to knot the score at 3 - 3 but Eagles came storming back with Rick McGon scoring at 19:10 to put Westlock ahead 4 - 3 after one period of play.

The second period was controlled by Westlock although they only managed to score two goals with Doug Bell getting one for St. Albert. Comet goaltender Zane Jakubec made some excellent saves to keep St. Albert in the game.

Comets, minus four regulars, came on strong in the final period scoring three goals while holding Eagles scoreless for the win. Playing coach Gary Checknita scored at 5:29 with Henry Hodgson picking up the assist to put the Comets within one of tying. Then at 9:50 veteran Al Laplante stole the puck at

HENRY HODGSON

the eagles blueline and pulled the goalie on a nice fake and tied the score. Leading scorer Henry Hodgson scored the winner at 10:16 on a nice passing play with Kirkland and Checknita drawing assists. Jakubec came up with a couple of excellent saves, one a break-away to preserve the win.

Comets next see action Thursday night when they travel to Stony Plain who are in third place. Comets next home game is Sunday, Dec. 17 at 2 p.m., when they tangle with the Winterburn Tomahawks. Tomahawks are in last place with only one win in seven games.

League standings and top 10 scorers as of December 6th are as follows:

Skiers Welcome

Silver Summit Ski area at Edson, Alberta is off to a fine start this season, boasting a snowfall already this month of over three feet! What is surprising is that this mini-mountain has received more snow and has a better base than it's big brother counterpart in the famous resort town of Jasper, Alberta.

There are several changes at the area for the 1972-73 season. One very important improvement of particular interest to lady drivers is in the work done this summer to cut down and re-gravel the access road. The area has also purchased its own plow and sander this year to maintain the road in optimum driving condition.

Ski slope wise, a new Northwest Passage has been cut to eliminate the walk from the bottom of Lover's Lane. And inside the chalet the whole interior has been re-done complete with rough-hewn boards and a hand painted mural along one entire wall. The atmosphere in the Alpine Lounge is warmed by two open fireplaces.

It is obvious that owner Rick Damm and his Silver Summit staff are making an all-out effort to better accommodate skiers this year and to make good their slogan, "Baby, you'll get hooked on me!"

Grandin Esso Wins 6th Straight Game

St. Albert's Grandin-Esso won their sixth game in a row with an easy 6-3 win over Belcourt Power Kegs Thursday night. It was the sixth loss in as many games for last year's champions. Danny Chugg was the big gun for Esso with five goals. Brian Kupsch added the other while Len Bracco came up with three assists. Power Kegs received goals from Charlie Gallagher, Darrel Knox and Jim Glover. Last Wednesday St. Albert Pharmacy scored a close 7-5 win over the Kinsmen Warriors. Dennis Gauthier and D. Hagg led the way with two goals each with single markers going to Fred Hesse, Dave Roberge and Guy Bourgeois.

Bruins Come From Behind To Win 3rd Spot In League

St. Albert Bruin Inn Bruins are in third spot in the Edmonton Metro Junior Hockey League and are only four points behind second place South Side Metros. After a disastrous opening when they lost their first four games, the Bruins have now won seven of their last nine games, losing only once and tying the other.

Last Saturday, coach Rick LeLacheur back in the box after being in eastern Canada on business, saw his club come from behind in the third period to pull out a 5-5 win over Sherwood Park Knights. Centre Jim McComb scored his third goal of the game at 18:15 to give the Bruins the exciting win.

DAVE LOCKHART

The second period was scoreless with both goalkeepers making some fine saves.

In the third period the Knights came out flying and took only 18 seconds to score their third goal when Brent Hughes beat Bruin goaltender Larry Wanagas. At 4:03 Basterash scored his second of the night to tie the game and at 13:36 Parker got his second to give Sherwood a 5-4 lead.

Bruins refused to quit and at 17:06 Jan Kristensen scored from linemates Doug Ferguson and Craig Neeser to tie the game. McComb's goal at 18:15 sewed up the game for the Bruins. Tourangeau drew his second assist of the night. The McComb, McAvoy, Tourangeau line had perhaps their best game of the season coming up with four goals and six assists.

Speedy forward Dave Lockhart was hit in the face with the puck in the period and was taken to hospital for eight stitches. It is not known if he will miss any games. Craig Neeser received a broken thumb a week ago and is playing with a cast.

Bruins next home game will be this Friday when the South Side Metros will be in town. The last meeting between the two clubs had ended in a 5-5 tie. Game time is 8 p.m.

BRUINS HAVE FIVE PLAYERS IN THE TOP TEN LEAGUE SCORERS AS OF DECEMBER 1st:

Fort Sask. Traders	3	9	0	6

Keiser's Four Goals Pace Barons To Victory

Forward Terry Keiser had an excellent evening last

Thursday, scoring four goals and assisting on two others as the Sportshop Barons blasted Ardrossan 11-2. Coach Ted Lotocki also got two goal performances from Jim Hole, Matt Lister and Gary Ferguson. Bob Wallis rounded out the Barons onslaught with an unassisted goal after taking the puck from behind his own net and skated the length of the ice for the prettiest goal of the evening.

The Barons were never in trouble taking a 4-1 first period lead and increasing it to 5-2 after two. Five unanswered goals in the third put it out of reach.

Only nine penalties were handed out by referees Norm Tate and Rod McDonald with St. Albert taking five.

Barons next home game will be Thursday night when Ardrossan makes a return visit. Barons are in first place in the Edmonton Rural Midget BB League.

Eastglen Rink Wins Paul Kane 'A' Event

Sixteen rinks competed in a hard, one day spiel Saturday, Dec. 9, sponsored by Paul Kane's Curling Club. The Safeway 'A' event winner was Doug Roche of Eastglen with Stu Beck of Fort Saskatchewan coming in second.

The Macleod Store 'B' event winner was Kim Kalmback of Barrhead with Gary Greening of Paul Kane as runner-up.

The curlers were provided with a hot lunch organized by Mrs. Sharon Kupsch of Paul Kane. Mrs. Lois Hill, Mrs. Anita Batchinsky and Mrs. Dorothy Dobi joined in to help everything along, with students from the club providing the chili salads and extra help with serving.

St. Albert Bakery assisted by donating half of the buns and donuts.

Major event prizes were gift certificates purchased from Mr. Pete Davis, manager of the Fairweather and Big Steel stores at London-derry Mall. Mr. Davis is a resident and Klansmen from St. Albert.

The Klondike Inn and the Hauptman's of St. Albert once again assisted with the prizes at a substantial savings.

A good crowd was on hand to support the teams.

Mr. Reid, Mrs. Sharon Kupsch and Mr. Al Edwards, spiel organizers, wish to thank all of the people who helped make the spiel a success. Canada Safeway for again supplying trophies. Mr. Pickett, manager of Macleod's for taking over the sponsorship of the 'B' event, and particularly the St. Albert Curling Club for use of the lounge and many other favors. The St. Albert Ladies allowed the students to use the kitchen facilities and dishes.

The spiel was a club effort but it showed St. Albert has a lot of that 'small town' co-operation.

HOCKEY FLASH!

Willowbrook Comets led by the four-goal performance of Henry Hodgson, defeated Ray's Esso 11-5 in an Edmonton Central Hockey League game last night in St. Albert.

Coach Gary Checknita and Harvey Kirkland each scored two goals for the Comets with singles coming from Jim Read, Doug Bell and Mark Marosik.

Comets were behind 3-1 at the end of the first period, but fought back in the second with six unanswered goals to put the game out of reach.

The Canadian Postal Code is designed for a minimum life-span of 30 years.

REASONABLE

'A' Event winners of the Paul Kane High bonspiel last Saturday was the entry from Eastglen seen above receiving the Canada Safeway Trophy from club president Brad Hoosier. The Eastglen rink was skipped by Doug Roche, whose third is Maureen Mahoney, second is Roddy Semeluk and Cindy Roche throws lead rocks. Seen far right is Glen Reid one of the co-organizers of the annual Paul Kane High School Spiel.

'B' Event winners came all the way from Barrhead to take home the Macleod Store Trophy after the last rock was thrown last Saturday evening at the Paul Kane High Bonspiel held here. Above we see Mrs. Sharon Kupsch, co-school 'spiel organizer presenting the trophy to skip Kim Kalmbach whose third is Elaine Goetz, second Dale Barton and lead Stella Wowk. Standing far right is Al Edwards, third member of the Paul Kane Bonspiel committee.

I.O.D.E. To Mark Anniversary In '73

The Father Lacombe Chapter, IODE held its December meeting on Dec. 6, 1972 at the home of Mrs. I. Hammell. A short business meeting was held.

February, 1973 is to be National Organizing Month

for the IODE. The Father Lacombe Chapter will celebrate its 10th anniversary in early March.

A social evening followed the business meeting. The next meeting is scheduled for January 17, 1973 at the home of Mrs. E. V. Curry.

Rural Recreation

By Carl Royan

HUNTER TRAINING:

There will be a hunter training course offered in the MD office Saturday and Sunday, Dec. 16 and 17. The Saturday sessions will commence at 9 a.m. and the Sunday sessions at 1 p.m. Anyone wishing to take this course is welcome to attend. There will be no fees charged for the sessions.

GOALIE CLINIC:

There will be a hockey goaltenders clinic held at the University of Alberta Ice Arena scheduled very shortly. The tentative date is Thursday, Dec. 21 from 7 - 10 p.m. This date will be confirmed by Dec. 15 so anyone interested could call the office for the actual

date and more information. This clinic will be sponsored by the MD of Sturgeon Recreation Board, with Clave Drake arranging it.

The clinic is set up for both goalies and coaches (minor and senior). There will be no cost to the participant but any person not associated with Sturgeon hockey should contact Carl Royan (256-3322 or 424-6276) to make arrangements to attend.

LAMOREUX

PLAYSCHOOL:

I am informed there are still vacancies in the Lamoureux Playschool. Anyone interested in more information or obtaining registration forms should phone 543-3102 or 543-3139

Lloyd Hopkins Elected Youth Soccer President

Lloyd Hopkins of 17 Geneva Crescent, St. Albert was recently elected president of the Edmonton Metropolitan Youth Soccer Association, thus heading a board of 33 members. Other distinguished soccer executives serving on the board and living in St. Albert include: Mr. and Mrs. Tony Holden, Gordon Beckwith and Mrs. Kay Hopkins, wife of president-elect Lloyd Hopkins who is also known as 'Mr. Soccer.'

The Edmonton Metropolitan Youth Soccer Association is indeed, an elaborate organization, consisting of an executive made up of 33 members, whose duties are directly related to the training and coaching of six age categories of young soccer players, totalling about 2,900 boys in all.

Mr. Hopkins was born in

South Africa and received his education in England where he participated in an extensive sport program. Besides the great sport of soccer, Mr. Hopkins played cricket, rugby, field hockey and tennis, therefore be-

coming highly adept in a wide variety of sports.

After the Second World War, Mr. and Mrs. Hopkins and children, Lynn and Hugh, came to Canada where 'Mr. Soccer' became more of a coach and referee than an active player. He has seen

soccer grow in St. Albert from a mere group of 13 boys in 1967 to a roster of about 400 players today.

Although Lloyd Hopkins is now at the pinnacle of his soccer career, having been elected president of the EMYSA after many successful years as a player and promoter, he is the first to proudly admit that if he's Mr. Soccer, then his wife Kay is indeed Mrs. Soccer because she has been his partner throughout the years Kay's interest in soccer equals his own in many ways and it was this family team effort which made the many year's experience in soccer so meaningful.

Mr. and Mrs. Hopkins, in an interview late last week said that the successful soccer program in St. Albert is also due to a very hard working group of local supporters.

LLOYD HOPKINS

Citizens Endorse Gibbons Arena Tax

By Carl Rozen

About 300 ratepayers of the Municipal District of Sturgeon and the Village of Gibbons attended a public meeting last Monday to discuss the construction of an arena. Its proposed location would be in the Village of Gibbons.

After considerable discussion, the ratepayers voted unanimously to approve a resolution and present it to both, the MD of Sturgeon and the Village Council of Gibbons.

The resolution agreed upon by the ratepayers present recommended that a permanent tax levy be initiated for the development of recreational facilities. The ratepayers, in their resolution did not spell out the mill rate they were prepared to pay in addition to the

present rate, however, it was hinted at this meeting that those present would be prepared to pay up to an additional two-mills for recreational purposes.

The resolution, voicing the wishes of about 300 ratepayers, will be submitted to both, the MD of Sturgeon Council and the Village of Gibbons Council.

Some people think the moon won't be able to support life. Well, it's not so easy on earth, either.

What is a Town?

A Town is a group of people

It is a school

It is a Town government

It is churches

It is industry and jobs

It is retail businesses

They all have to work together. All must have the support of the people. Or there is no Town.

Give your local merchant a chance for your business. You shouldn't spend your hard earned money with him unless his selection is adequate and his price competitive. But give him the first opportunity to make the sale.

For the local retailer pays the highest percentage of local taxes. He most often is the civic leader who dedicates his time and talents to his Town. He is the one contacted first for contributions to charitable projects. He provides jobs. Without his store you have no Town.

Give the local merchant a fair shake.

Christmas shopping is evidently a happy occasion, by the looks on these happy little faces. These youngsters are students of the St. Albert Protestant Kindergarten and Nursery School buying gifts for their Moms and Dads at a specially-arranged bargain counter at Macleods on Grandin Shoppers' Mall. Mrs. Jean Hunt, nursery school teacher is seen helping some of her young pupils with purchases while Macleod Store Manager Jack Pickett completes another sale. For Mom there was a selection of panty hose, salt and pepper sets and bath salts. Dad gifts could be either a flashlight, cigar lighter or socks.

Labor Minister Defines PEP Plan

Throughout 1971, the Conservative Party had been advocating that special government measures were necessary to try to alleviate the seasonal employment problem. After the election of 1971 the new Government set as one of its first priorities, the development of measures which would reduce the impact of unemployment. A great deal of effort was put into developing programs for this purpose and the result was the Priority Employment Program, generally known as PEP.

During the months from January to March 1971 when unemployment is normally most severe, the PEP program had almost 5,000 people involved in either training or employment. The average throughout the total three-month period was approximately 4,200. In total \$8.4 million was spent through the provincial Priority Employment Program on these projects.

Attempts have been made to predict the various economic conditions throughout the province and to establish guidelines as to where measures are likely to be needed. Although conditions will be improved from last year, we still feel that it will be necessary to undertake some programming specifically directed at unemployed people. With this in mind, the Chairman of the Cabinet Committee on PEP, Hon. Hohol announced that he will be making \$3 million available to educational institutes throughout the province to

carry out programs designed at reaching those people who may find themselves unemployed this winter.

A further \$2 million will be made available. Of this \$1 million will be directed to the Department of Agriculture to provide for capital grants to Agricultural and Exhibition Societies in Alberta. These grants will be used for the construction, renovation or improvement of multi-purpose buildings or facilities, thus creating employment opportunities. The other \$1 million will provide for a joint Provincial-Municipal program of surface water improvement through the De-

partment of the Environment. Recently, in view of revised statistics on unemployment in Alberta, Hon. Dr. A. E. Hohol added another \$7 million to the PEP, and this sum is directly marked for additional employment projects involving 12 different government departments.

Post Office planners studied every postal code in the world before deciding on Canada's Code.

Hospital

Shortens

Baby Visiting

The St. Albert ATA Local will be hosting a gala party December 19 in the lower floor of the church... 'Parish Hall'. The event will begin at 4 p.m. and continue until 10 p.m., where teachers, school trustees, guests and friends will be cordially welcomed.

The tight old landlady brought a plateful of very thin slices of bread and placed them on the table. "Did you cut these?" asked one of the boarders. "Yes, I cut them," the landlady replied. "Good," said the boarder, "I'll deal them without shuffling."

**SHARE YOUR
GOOD HEALTH**

BE A BLOOD DONOR

Baby patients at the Sturgeon General Hospital have been getting short-changed on their night's sleep as a result of the existing visiting hours established for adults... namely 8 a.m. to 8 p.m.

In order to correct this problem, hospital administrator Cliff Keyes announced this week that new visiting hours for patients in pediatrics will be put into effect December 18. The new hours, effective that date will be 8 a.m. to 7 p.m.

Parents who have youngsters in the pediatrics unit are urged to note the new hours and thus avoid disappointment.

Parents Protest Evolution on Texts

About 800 parents, teachers and concerned citizens from the Peace River country have protested to Hon. Lou Hyndman, minister of education, because of the inequities of our education system when it teaches evolution as fact and ignores the creation theory, even when competent scientists doing research in that field support creationism.

The protest took the form of a signed petition, and brief which was presented to the minister. The Committee for True Education, chaired by Rev. Neil Uhrh of Iltike says that the ob-

jectives of the committee is to see that evolution be taught as theory only and that text and reference books that support the creation account be used in parallel.

The book, Early Man, by F. Clark Howell, is one book that has come under heavy fire. It's recommended by the Department of Education as a reference book for use in the grade seven Social Studies course. It says in part, "The story of creation as told in the Bible is a fine case in point. It is seldom taken literally now. ... Still old ideas die hard;

there are men and women in the United States today who believe that the earth is flat. How else they argue, can angels preside over its four corners - as the Bible says."

After two meetings with the Hon. Lou Hyndman, it was resolved that he would see to it that the Committee for Curriculum, for the De-

partment of Education would study the books on the bibliography list supplied to him. They would also study the possibility of including some in the curriculums that deal with the origin of life.

The Minister of Education stated that he would like to hear from concerned people from every area of the province.

Health Unit Gets \$68,858.00 Grant

Health and Social Development Minister, the Honourable Neil Crawford today announced that the government has approved the granting of \$1,624,300 to the Province's rural health units and urban health departments.

The funds are being provided by the Alberta government to help health units or departments provide necessary public health and dental health services to their citizens. These services cover such areas as: prevention and control of communicable disease; immunization;

maternal and child health care; municipal nursing for service in remote areas; health education; nutrition counsel and health inspection services.

The Sturgeon Health Unit, serving a population of approximately 60,000 people, including St. Albert, received this year \$68,858.55 as its supplementary grant in comparison to last year's \$41,590.80.

The grants will help alleviate the health unit or departments defray expenses that have become a great burden on their local financial resources.

with an electric

CAR WARMER

You spend a lot of hard-earned dollars on your car. It makes sense to spend a few dollars more. Just a few. To buy yourself comfort during the cold winter months. Just plug-in to the nearest outlet. No more window-scrapping. No more frozen seats. Owning an electric in-car warmer will give you that warm feeling inside.

See the great electric put-in at your favorite dealer and step into comfort on those cold winter days.

ELECTRIC SERVICE LEAGUE OF ALBERTA

Crop Insurance Study Emerges With 23 Pts

The special MIA committee, appointed last Spring to study crop insurance and weather modification in Alberta, has made 23 specific recommendations in their interim report, tabled in the provincial legislature recently.

Before making its recommendations, the committee received representatives and studied briefs submitted by local governments, farmers and farm organizations. The briefs dealt with federal and provincial legislation and regulations pertaining to all risk crop insurance and hail insurance, the operation of the Alberta Hail and Crop Insurance Corporation and line companies dealing with this type of insurance; and organizations and research institutions concerned with weather modification.

Some of the committee's recommendations include that each quarter section of land be separately insured from the rest of the farm and that insurance coverage and premium for all-risk crop insurance be based on six to 10 year production average of the insured quarter. Also that the federal government pay 50 per cent of all risk crop insurance premiums and that the Alberta government pay all administration costs.

The legislative committee also recommended that the Alberta Hail and Crop Insurance Corporation consider insuring all crops and remove the 25-acre minimum requirement under the all-risk crop insurance program. Other important points recommended are that the Alberta Hail and Crop Insurance Corporation make repeated a major crop under the all-risk crop insurance program; that the date a farmer can cancel his policy be changed from January 31 to March 31 and that the Alberta Hail and Crop Insurance Corporation continue to use its lien procedure to collect money owing on premiums, but that it take only half the value of deliveries until the pre-

mium is paid up instead of the full value as is presently the case.

In the recommendations, it was also urged that the Alberta government establish a three-man adjusting tribunal to which farmers could appeal crop insurance, hail insurance and wildlife damage adjustments. The idea is to ensure that all farmers, regardless of from whom they bought their insurance, can appeal their adjustment through an independent, impartial body. The tribunal would also supervise, check and license all crop insurance, hail insurance and wildlife adjusters.

University Study Of Booze/Drugs Backed

The Alberta Medical Association fully endorses a Bill introduced in the Legislature which will incorporate a Foundation to support University 'chairs' on education and research into alcoholism and drug abuse. "We are very pleased with the Bill because the Association feels very strongly that if alcoholism and drug abuse are to be conquered, education and research will play very important roles," Dr. J. H. Oshiro of Coal-dale, president of the AMA, said.

"It is very appropriate that an educational program be initiated at the University level so that it may be disseminated throughout the entire educational system," he said.

Dr. Oshiro emphasized that development of the Foundation is a result of joint efforts of the Alberta Pharmaceutical Association; the Canadian Progress Club, Edmonton; the Junior

This month marks the first anniversary of the Sturgeon-St. Albert Association for Children With Learning Disabilities, and to date it has 40 family memberships. Some of the achievements over the past year include:

- *Maintaining close liaison with the Edmonton Association for Children with Learning Disabilities.
- *School visitations by association representatives.
- *Gathering of statistics from Alberta Correctional institutions.
- *Presentations to school board Nos. 3, 6 and 24 on behalf of children with learning disabilities.

The time and effort expended by those members to bring about this sampling of accomplishments is deeply appreciated. A most startling fact was revealed as a result of interviews with personnel of correctional institutions, including Fort Saskatchewan Gaol. The pressures of society on the child whose difficulty is in mastering the communication skills causes severe social academic and sometimes mental breakdown. This often results in school drop-outs, anti-social behavior, delinquency leading to such places as the Youth Development Centre, or, to more crippling situations - jail.

Figures obtained show that 40 per cent of the 1971-

72 school population of Fort Saskatchewan Gaol had a history of learning disabilities. This evidence supports the need for early detection and remediation. The schools are not entirely to blame for the failure of these young people, but society must take some responsibility for the complacent attitude in not providing adequate opportunities for the student with special problems to realize their potential. Their only problem (at least initially) is that they cannot learn the basic skills of reading, writing and arithmetic by the conventional methods and must be given the information by other means.

Exciting results can be obtained by teachers trained in special education, and use of teacher aides, visual and

audio equipment, smaller classroom enrollments, to mention a few. Positive action from the people responsible for educating our children will come only from pressure brought to bear by supportive, understanding people from every level in the community.

Please show your support by joining the S-SAACLD and work with their dynamic group toward a better deal for learning disabled youngsters.

The Sturgeon-St. Albert Association for Children with Learning Disabilities have decided to cancel the regular public meeting of December 18th due to the hectic pace of the pre-Christmas season. The next meeting will be held Jan. 15 and a further announcement will appear in The Gazette.

Pitch 'N Spice Singers Rehearse Yule Program

The PITCH and SPICE singers of St. Albert Junior and Senior High Schools are busy preparing their program for the Christmas season.

The singers, who have gained a fantastic reputation around the province for their production of "Jesus Christ Superstar," will be presenting a completely new program on Sunday, December 17th, 1972 at 8:30 p.m. in the St. Albert Roman Catholic Church.

"A Christmas Rock Opera" will highlight the performance. The Opera is a delightful blend of some of the older Christmas carols with newer rock-type carols. The story is of a boy in blue jeans who is given angel wings by St. Peter and how he helps the other angels celebrate the birth of Christ.

Under the direction of Fr. U. Duchesneau, the choirs, who have been practicing steadily for the last six weeks, will also sing the more traditional carols.

There is no admission fee to Sunday's performance but a silver collection will be taken up.

As well as their main performance, the PITCH singers will also be performing for patients at the Glenrose Provincial Hospital and the Charles Cammell Hospital, while the younger singers in SPICE will sing for our Senior Citizens at the Youville Home.

On Saturday, December 23 St. Albert residents will be treated to carol singing by members of both choirs as they travel around the town in four groups. This is their Christmas gift to the people of St. Albert.

AROUND TOWN

The St. Albert Junior Forest Wardens have set up a Christmas tree lot at Grandin Esso, corner of St. Albert Trail and Hall Ave., courtesy of owner Mr. Jim Paul. The Junior Wardens have a good selection of evergreens on display, priced up to \$5.

We have a very ingenious lady living in St. Albert... one who never gives-up, no matter what the problem might be. To illustrate our point, this brave and never-say-die lady decided to surprise her husband with a billiard table for Christmas and planned to sneak it in their home while hubby was away on a hunting trip. Everything was going along just fine until the table was delivered and there was no way it could be brought into the basement game room. Undeterred, the thoughtful little wife hired the services of a carpenter, had him lift the livingroom carpeting, cut a giant opening in the floor and lowered the table where it belonged. We don't know how the 'surprise' went over when hubby returned from his hunting trip... however... we understand that if and when this residence ever comes up for sale, there's a billiard table that goes with it.

The local Kinettes are currently busy as a family of little beavers, packing and wrapping Christmas hampers. Anyone wanting to donate gift items to help in this worthy cause please

Local Technician Posted To Africa

Brian Schellenberger, son of Mr. and Mrs. W. Schellenberger, 36 Gordon Crescent, St. Albert, left last month for Luanda, Angola, Africa.

Brian received his high school education at Paul Kane High School in St. Albert. After graduating from high school he attended NAIT taking a course in electronics. On graduating from NAIT, he was employed as a junior engineering technician with Caproco Corrosion Prevention Limited, a firm of consulting engineers on pipeline corrosion. He has been with the firm for four years and is now a senior engineering technician. Last May he was appointed area manager for Northwestern Alberta and Northern B.C.

Brian is in Angola at the request of Proffina Canada Limited and the Angolan Government, designing and installing Cathodic Protection on their gas gathering system.

Brian expects to be in Africa approximately three months. On completion of this project he will take a months holidays in Europe.

CARD OF THANKS

The St. Albert Protestant Kindergarten and Nursery School wishes to thank the management of Sweetheart Jewellery and Gift Shop, Grandin Bakery, Camelet and Macleods, and the Single Parents Society for making their visit to Grandin Shoppers Park most enjoyable and profitable.

MRS. J. KWAK

CARD OF THANKS

Sincere thanks to the St. Albert and District Chamber of Commerce for Honoring me as Citizen of the Year, at a special banquet held recently at the Club McComb. Also many thanks to Mary Halva for the nice introduction, to Mayor Gibbons and Ernie Jamison for their kind words. To all those who had any part in this choice, a big thank you. It's an honor I will cherish all my life. Thanks also to those who sent me cards of congratulations.

Ed Savoie and Family.

Arctic Judge Launches N.W.T. 10 Week Course

One of Canada's best known Supreme Court Judges was the inaugural speaker for a course on the Canadian North to be offered by Grant MacEwan Community College in January.

Mr. Justice G. Morrow, judge for the Northwest Territories has won a nationwide reputation for fairness in dealings with both whites and native peoples and has been known to temper justice with an understanding of the north and its people. Based in Yellowknife he flies throughout the territories to administer justice and has on one occasion held court in an aircraft high above the arctic tundra.

Justice Morrow was born in Edmonton in 1917 and practiced law in the city for many years.

His speech delivered last week was a prelude to the Canadian North program developed by Grant MacEwan Community College and the Government of the Northwest Territories. The course begins in early January and consists of 10 evening classes.

John Hart, Canadian Studies Program coordinator for

the college calls the course "A breakthrough in cooperation between a school and the government of the Territories in bringing a knowledge of the north to the south."

The course is the first of its kind to be held on a regular basis in Canada and organizers indicate that wherever possible northern resource people will be used in the study program.

The course will encompass a wide variety of interests in the north, including the law and native cultures.

Further information is available by phoning -- 425-8810, Extension 240.

AROUND TOWN

John Antle, son of Mr. and Mrs. Richard Schuchard of 40 Balmoral Drive is visiting with his parents. John is currently travelling in the entertainment field visiting various universities giving concerts in Portland, San Francisco and surrounding areas. John plays classical guitar and sings.

Five Generations Enjoy Family Party

Little Kevin Hnatluk is two years old now and his biggest problem is to find names for his many sets of grandparents, great grandparents and great-great-grandparents. He has cleverly picked names for them like Granny and Grandpa; Peper and Memere etc. Above Kevin is seated on the lap of his great-great-grandmother Mrs. Christina Nolin of Calgary. Shown standing left to right are his mother Simone Hnatluk of Edmonton, his grandmother Mrs. Shirley Ethier of St. Albert and his great-grandmother Mrs. Dorothy Wegner of Calgary.

Two year old Kevin Hnatluk of 9419 - 67 Avenue, Edmonton, son of Mr. and Mrs. Jerry Hnatluk is pretty lucky to have "a whole bunch of grandparents" but young Kevin has a bit of trouble finding names for his forebears. Some he calls Grandma and Grandpa while others he calls Memere and Pere, and so on up the line of his complicated family tree

AROUND TOWN

Mr. and Mrs. Ken Heyburn of 39 Lambert Cres., are anxiously awaiting the arrival of their daughter and son-in-law Mr. and Mrs. David Anderson of Nowra, Australia on Thursday. This will be Mr. Anderson's first visit to Canada and it has been two years since Mrs. Anderson (Angela Heyburn) left Canada to make her home "Down-Under". The Andersons plan to spend about three weeks with the Heyburns.

Every day, 15 million letters are delivered in Canada.

which includes great-great-grandparents, great-grandparents and grandparents.

Kevin has the usual two sets of grandparents, Mr. and Mrs. Lucien "Beens" Ethier of St. Albert and Mr. and Mrs. Dan Hnatluk of Edmonton. Young Kevin also has great-grandparents, Mr. and Mrs. Leonard Pilon of Nanaimo, B.C., Mr. and Mrs. Al Wegner of Calgary, Mr. and Mrs. Arcade Ethier of St. Albert, Mr. and Mrs. Alex Gashyna of Dawson, Man., and Mrs. Lena Khatluk of Grandview, Man.

The great-great-grandparents are Mrs. Christina Nolin, Calgary and Mrs. Florence Pilon, Victoria, B.C.

Recently, a family party was held where about 15 of Kevin's relatives gathered at the home of Mr. and Mrs. Lucien Ethier, 20 Maple Dr. A delicious meal was served and everybody had a wonderful time, especially Kevin who is now two years old and thoroughly enjoys being the kingpin of a rather rare, five-generation situation.

Alberta Biochemist Develops Synthetic Vital Lung Tissue

An Edmonton born biochemist who may have made one of the major achievements in biochemistry in this decade delivered a stirring talk at Grant MacEwan Community College's Old Scona Campus.

Dr. Nora Elizabeth Burns, is the developer of a revolutionary substitute for the vital lung tissue which separates blood from gas in lungs. Its life-saving possibilities are enormous and its industrial potential reads like science fiction.

She created her membrane from silicone, producing an artificial substitute for the ultra-thin, all-important lung tissue known as the alveolar membrane. The membrane is non-porous and forms an absolute barrier against solids, liquids and living organisms,

including viruses, while permitting gases and vapour to pass through it.

Experts agree that the development of the membrane will almost certainly lead to a new generation of heart-lung machines. It may also be used to save the life of a heart attack victim, the life of a victim of bronchial complications or emphysema, or the life of a newborn infant whose damaged lungs prevent normal breathing.

The invention will be the key to an efficient life-saving artificial lung. The lives of patients with diseases of the heart and lung may be prolonged by temporary or even permanent assistance from some form of artificial circulation.

It was a long, slow process of testing and rejecting, of varying rubber con-

cent and mixing solvents. But four years ago in England, Dr. Burns hit on the right formula.

Dr. Burns now works in Edwards Laboratories in Santa Ana, California, helping to turn out the transparent silicone rubber film. The attractive 33 year old calls her discovery: "Luck. --Well luck--but after a lot of hard work."

Dr. Burns took her bach-

elor of science degree at the University of Alberta. Her grandfather, George "Well-bourn" taught school to Indians in Winterburn. He later became principal of Edmonton's first high school.

Irate Judge: "What possible excuse did you have for acquitting that murderer?" Juryman: "Insanity." Judge: "Really? All 12 of you?"

Sturgeon 4H Plan Active New Season

A meeting of the Sturgeon 4H Council was called to order at 8 p.m. Tuesday, Nov. 28, 1972 with Mr. Doug Bowman chairing the meeting and Deborah Uchacz as acting secretary. Minutes of the last meeting were read, followed by a discussion of the possibility of an exchange trip during the coming summer. This will be looked into by Mr. Doug Blenert.

Also discussed was the possibility of holding a bowling and/or curl-o-rama for Sturgeon clubs next February. This will also be investigated further.

It was decided that all Sturgeon 4H clubs will pay a \$10 fee for the Sturgeon Council -- as last year -- with first-year clubs exempt.

Election of a new executive was then held with the following persons being elected: President, Mrs.

Leona Petherbridge, vice-president, Sharon Davis; secretary, Deborah Uchacz; treasurer, Janice Meakin; reporter, Fay Strawson; Regional representatives-Patrick Ferbey and Mr. Doug Bowman.

The meeting was adjourned at 9:30 p.m. Slides of various 4H activities were then shown by Mr. Doug Blenert for those who wished to stay.

NAMAO NEWS

By Norma Crozier

The Fall Arts and Crafts held in Namao were a real success. 19 took part in Christmas decorating, 16 took part in Cake decorating and 14 took art classes. We do hope these classes were enjoyed by all who participated. The classes to be offered in the New Year are:

1. Macramé - beginning Jan. 24 thru March 14. Contact Jean Strong, 799-3668.
2. Physical Culture for Children, 4 years, 5 years and Grades 1 and 2 - Starting Feb. 7 thru April 18. Contact, Jean Monahan, 799-5596.
3. Karate - for ages 8 years and up. Starting Feb. 7th for three months. Contact, Jean Monahan, 799-5596.

5596.

4. Stretch and Sew - starting Jan. 16 thru March 6. Contact Tina Epiga, 799-3810.

Art classes may be started later in the New Year. For information contact Alma Paul, 799-5970.

A canvas is underway to secure funds to begin an addition onto the school gymnasium.

The Namao Sunday School conducted the Sunday morning worship services. As this was White Gift Sunday the CGIT and Explorer groups decorated the beautiful Christmas tree and the church for the congregation. A baptismal service was included, conducted by Rev. Dr. E. Miller for the infant daughter of Mr. and Mrs. Martin Kaehuk Kirsten Paige were the names given the baby.

Mrs. Barbara Crozier, her mother Mrs. Ada Porter and brother Reg Porter have returned from a trip to Palm Springs and Mexico. They were disappointed to find it raining and the weather very cool.

Mr. and Mrs. Howard Samis' daughter Sharon and Gladys McLaughlin to Chilliwack last week to attend the wedding of their granddaughter, Lenny Collinson, oldest daughter of Shirley Anne Samis.

Sturgeon Division News

stages.

The Divisional Board has called for tenders for the sale of 9.92 acres of land in the Town of St. Albert and of two lots located in the Hamlet of Gibbons. The closing date for tenders is January 8, 1973.

The Namao Elementary School is being re-wired at a cost of \$1,200 following a recommendation by Provincial Electrical Inspectors. The tender of G & L Electric was accepted at the November Board meeting.

Mrs. Joyce Wade was appointed to the staff of Sturgeon Heights School to replace Mrs. Lee Ozeroff who was granted a leave of absence to the end of the school year. Mrs. Wade has previously taught art at the Mission Park School from 1969-71.

The Board's Academic Award Policy has been amended for the 1972-73 school year to make feasible the presentation of awards to high school students in non-graded programs and to eliminate the exclusion of physical education as a subject for award purposes.

The school board has agreed to enter into discussions with the Sturgeon

Recreation Board regarding the development of a master agreement to provide for community use of schools. It has also approved in principle the turning over of the Cunningham School for use by the Sturgeon Recreation Board. The Cunningham School has been vacant since the opening of Sturgeon Heights School in the fall of 1971.

The Riviere Qui Barre Recreation Society has purchased a lot adjacent to the Camilla School and has turned it over gratis to the School Division as a further step in the development of joint school-community use of school facilities. The Recreation Society has recently completed construction of kitchen and meeting facilities at the Camilla School.

MORINVILLE MEMOS

By Rose Martel

Among those reported in hospital this past week were James Dodge, resident of the Morinville Trailer Court, who was victim of an industrial accident last week while employed in the Arctic and rushed to an Edmonton hospital. He is reported in satisfactory condition. Leonard Meyers is recovering from a major eye operation in Edmonton hospital recently. Petite Donna Bulger, five year old daughter of John and Irma Bulger underwent an operation in the Royal Alex this past week, and is reported on the road to recovery. We hope she will be home in time for Christmas.

Speaking of Christmas at home . . . A nice cheery yuletide greeting card to all our long-term hospital patients and shut-ins in our community would be indeed appreciated by those who will not be able to spend Christmas at home on account of illness. Among them are Cheri Chevigny at Sturgeon Hospital, St. Albert; Sidney Pifko at the Royal Alexandra Hospital in Edmonton and Dale Vranas at the Glenrose Auxiliary Hospital, Edmonton, also Adrian Gibeau of Morinville.

Morinville was visited by a local Santa Claus last week at Macleods Store. Despite the very frigid weather, over 200 youngsters came to make their requests to Santa know.

Recently Mr. and Mrs. Gerry Kaup welcomed another daughter named Ell-chia.

The local oil spills, both at Morinville and Almondale have been mopped-up and a burn off. The burn-off took place at both sites last Tuesday, December 5, which brought a large group of sightseers to the local scene.

all Morinville and district citizens that the Morinville Lions annual Turkey Bingo will be held this Saturday, Dec. 16 in the Morinville Recreation Centre. Come and support these good workers in our community.

Only 10 people assembled in the Morinville International Building on Dec. 7 for the annual meeting of Morinville Daze Association. It has been reported that the next meeting will be held on Thursday, January 11, 1978.

Despite the frigid weather conditions, the Morinville Scouts and Cubs with leaders and volunteer parents accompanying them, distributed all the local new telephone books, and later held a mixed nut sale in town. They thank the folks who received them cordially, and supported their "nut" sale.

The highlights of the December 5th Thibault School Board meeting resume (as follows): A notice of motion has been given that the policy statement regarding the professional staff will be presented at the January 2 meeting in the Town Hall at 7 p.m.

Reports were received from Trustee Yvonne Leduc, regarding the joint advisory committee which suggested the establishment of educational objectives for the Thibault School District.

GIBBONS NOTES

The Pythian Sisters have sent a Christmas donation to the Winnifred Stewart School for Retarded Children in honor of all the senior citizens of Gibbons, the very merriest greetings of the season to each and everyone.

The Pythian Sisters hold their meetings the second Wednesday of every month at the Community Hall. The December meeting is the Christmas party with annexing of gifts from the secret sister each member had for the year.

Get well wishes are extended to Ed Knott at the General Hospital, Fort Saskatchewan; Mrs. Mervin Mills and Ron Coby at the Misericordia Hospital, Edmonton and Mrs. Connie Keryluck recuperating at home.

The New Year's Eve Frolic will be held Dec. 31, 9 p.m. - 1:30 a.m. at the

The numbers -- letters mixture used by the Canada Post Office can be combined to make more than seven million different Postal Codes.

This will require total community involvement and representation.

Paul Chalfoux, acting principal reported on the French advisory committee, now comprised of representatives from the administration, parents, and high school students, who are promoting and requesting better French education in school. The Board supported the recommendations and suggestions, that the committee should expand from grade six to twelve, and continue their research.

The local RCMP are to present to local schools, a film "Dog Master" and also a demonstration with trained police dogs, under the direction of Corporal Marvin Shephard of Morinville, plus a few words of friendly advice to all the children.

The Christmas holidays will begin on December 22 after dismissal of classes at the regular time, and all classes will resume at regular hours on Wednesday, January 3. The Board has requested a meeting with Sturgeon School Division Board to discuss the possibility of operating a joint high school facility for the entire district. The Thibault Board has also requested a meeting with the Morinville Town Council early in the new year to discuss items of mutual concern to both bodies.

Community Hall. Tickets will not be held after Dec. 23. Tickets may be purchased from any business or member of Hall Board, \$10 per couple.

Arts and Crafts will resume again after the New Year.

Donations to the Community Christmas Card may be left with Mrs. H. McLean at the post office.

Mr. and Mrs. Earl Yeo, Mrs. Eula Mahbutt, Mrs. Hazel McLean and Mrs. Gladys Morin attended the joint installations of the Fort Saskatchewan Legion.

Harold Paul was re-elected by acclamation to the Board of Sturgeon School Division No. 24 as trustee representing the Namao-Horse Hill area. His re-election was announced by W. J. Kibblewhite, returning officer for subdivision 3. Mr. Paul took the oath of office at the Board's regular November meeting. He will continue as chairman of the Board's School Building and Maintenance Committee and as Board representative to the Namao and Horse Hill School-Community Joint Use Committee.

CORONADO

By Mrs. Ena Brydon
On Monday of each week they meet in the church hall to do quilting, make mats and also give knitting instructions. Most of these quilts are sent to the Unitarian Service Committee.

In the new year arrangements are being made for courses in Liquid Embroidery, upholstery, and a St. John Ambulance course. December 17 is the day for Christmas carolling in the district, with a supper in the church basement at 5 p.m.

Church services and Sunday School will be held on Dec. 24 at 2:30 p.m. and a pot luck supper will be held after.

The fall supper in November was a great success, and the ladies wish to thank all those who helped, and a special thanks for the donations of money. Part of the proceeds of this event went to pay for installing gas in the church and also for washroom facilities.

Boissonnault Heads Morinville B of T

The Morinville Board of Trade held their regular monthly supper meeting on Monday, December 4th with 15 members and three guests in attendance. President Romeo Boissonnault reported that the liquor store is definitely in the planning stage and will be built in the spring according to his information from 'higher up'. The Board will be keeping all eyes and ears open, toward further action.

The annual Christmas House Decorating Contest will be held again this year and the three prizes of \$25, \$15 and \$10 will be awarded on the following basis: Originality, Theme and Effectiveness. Cam Gregoire will arrange for the judging which will be held before Christmas. The Board hopes that the residents will 'light up' with the same enthusiasm that they have in the past years. Let's show everyone that Morinville is indeed the Town With a Future!

It is again time for renewal of memberships and it is hoped that dues will be paid early in the new year.

Memberships are only \$15 for one voting member, regular meetings are held the first Monday of each month, as supper meetings, and new members are indeed welcome.

Nominations were held for the new executive for 1978 and the following were elected: President - Romeo Boissonnault; vice-president Maurice Perras; sec.-treas. Don Derby; directors: Don Found; Frank Sale; Bob Holm; Cliff McGinnis. Public relations - Flo McGinnis.

President Boissonnault expressed his appreciation to the executive members of 1977 for their support and endeavors and especially thanked the out-going directors Norm Chalfoux and Cam Gregoire, saying that he hoped they would continue as active members of the Board. He also thanked Mrs. Rose Martel, for her good work as retiring public relations member for several years in the organization. The annual meeting will be held January 8, 1978 with supper served at 7 p.m. sharp. A good turnout is needed to get the New Year off to a resounding start.

M.D. OF STURGEON #80

Removal of Clay

The Developer, Edson Block Ltd., proposes to remove clay from portions of the S.W. and N.W. 27-53-25-4 to be used as material in their plant operations.

Persons affected or opposing the proposal are requested to submit their objections in writing to the undersigned prior to December 14, 1972 at 2:00 p.m. at which time a hearing, if necessary, will be held by Council in the Municipal Office at Morinville, Alberta

Alphonse Nobert,
Secretary-Treasurer
and Developing Officer.

Mearns, Legal U.G.C.

The Mearns and Legal UGG locals joined forces to sponsor the delegates' supper meeting held at Legal Community Hall on Dec. 1st. Walter Van De Walte, chairman of the Legal local, was MC for the evening.

Delegates reports were given by: Andrew Lutz from Morinville and Norman Letourneau from Legal, on their two-day convention at Regina. Mrs. Ann Lutz and Mrs. Ferné Letourneau spoke about the ladies program.

Ray Carlson, UGG district manager, introduced the local elevator managers and their wives, Mr. and Mrs.

Dan Brennels, Alcomdale; Mr. and Mrs. Bob Kolm, Morinville, Mr. and Mrs. Pete Tleryn, Legal and Mr. and Mrs. Bernie Fizer, Legal.

Nel Nystrom, assistant area manager, brought greetings from the United Grain Growers.

Ed Kryskow spoke on behalf of the Sturgeon local. The chairman introduced Fred Zillinski, secretary of the Legal local.

Arnold Jones, fieldman for the UGG, congratulated the delegates for their fine report. Following the supper a social evening was enjoyed by all.

McDonnell Re-Elected Sturgeon Chairman

John McDonnell, trustee for the Camilla area, was re-elected chairman of the board of Sturgeon School Division No. 24 at its November meeting. Mr. McDonnell was named chairman of the Teacher Salary Negotiating Committee and representative to the Council of the MD of Sturgeon. He also serves as president of Zone 2 of the Alberta School Trustees Association.

Reg Austin, board member for the Bon Accord-Gibbons area was elected vice-chairman of the Divisional Board and was also re-appointed chairman of the Transportation and Sports Committees. He also serves as educational representative to the Sturgeon Recreation Board and to the Interim Development Board of the Municipal District. Lois Hole, representing the Sturgeon Heights area was appointed to the Finance

JOHN McDONNELL

Committee with John McDonnell as chairman. Mrs. Hole was also appointed chairman of the Board's Education Committee.

Harold Paul, trustee for the Nampa-Horse Hill area was re-appointed chairman of the School Building and Maintenance Committee.

Representatives were appointed as follows to School - Community Joint Use Committees: Riviere Qui Barre Committee - John McDonnell; Nampa and Horse Hill Committees - Harold Paul.

Walter Heppler, associate superintendent of schools, was designated the Board's Information Officer.

Regular school board meetings will be held on the second Tuesday of each month from 9 a.m. to 5 p.m.

INTRODUCTORY FARM

Management Training

Through Your Canada Manpower Centre

Western Farming is one of Canada's high-technology industries. To be successful today, a farmer must have modern management skills and a well-planned course can help develop them.

See your Canada Manpower Counsellor in the District Agriculturalist's Office, Morinville on Tuesday, Jan. 9, 1973 and discuss farm management training with him. Applications for the following course are available from your District Agriculturalist Office and should be completed prior to your interview:

INTRODUCTORY FARM MANAGEMENT

Eight weeks starting January 15, 1973 in Morinville, Alberta.

Application forms are also available from your CANADA MANPOWER CENTRE, 10015 - 103 Avenue, Edmonton, Alberta. TSJ QH2.

If I Can ... That's Guiding

The Guide Company and Brownie Pack would like to thank the residents and staff of the O'Meara Lodge for inviting them to entertain on Wednesday afternoon, and for their generous hospitality to the girls, leaders and commissioner - Jean Maurier. Also a thank you to Mrs. Gergette Proulx, who accompanied us.

The Guides and Brownies would like to give the following Christmas gift to the community of Legal -

If I can lend a helping hand wherever there is need, And be a friend to everyone no matter what their creed.

If I can laugh and sing and wear a smile upon my face,

And do my very best to make this world a better place.

If I can find a dwelling place in God's great out-of-doors,

With a blue sky for my ceiling and green grass for my floors.

With nature all around me and companions by my side, Where friendship has a meaning and peace and love abide.

If I can live a noble life and keep my ideals high, And have a steadfast faith in God, and look up to the sky.

Where I can find the strength I need to help in my deciding,

To do what I believe is right, then this, to me, is Guiding.

BON ACCORD ACTIVITIES

By Sadie Allen

A reminder to all you people who are throwing away those envelopes these days - are you saving the stamps for the Gables and brownies? Sure hope so.

Midnight mass will be celebrated in the Sacred Heart Roman Catholic Church at Gibbons on Christmas Eve.

Bon Accord Playschool is now accepting applications for a teacher for the four-year-old class. Days concerned are Wednesday afternoon and Friday morning. For further information please contact Marg Everitt 298-2209 by December 19.

The Patricia Church Choir will present a program of Christmas music in the Bon Accord United Church on Sunday, Dec. 17 at 7:30. On Dec. 24 the Bon Accord Choir will present their special Christmas music at 9 a.m. Every-

one is welcome to attend.

Senior hockey got off to a very good start on Sunday, Dec. 10 with a 6-0 win over Villeneuve. Games are played on Sundays, Tuesdays and Fridays. Upcoming games are Friday, Dec. 15 Namao vs Bon Accord at 7 p.m. at Morinville; Sunday Dec. 17, Legal vs Bon Accord at 1 p.m. at Legal; Tuesday, Dec. 19, Bon Accord vs Calahoo at 1 p.m. at Morinville and Friday, Dec. 22, Bon Accord vs Alexander at 9 p.m. at Legal.

Minor hockey did not fare quite so well with mites losing 6-2 to Morinville and bantams losing a hard fought game to Morinville by a score of 4-3. Bantams will be playing a home game here next Sunday, Dec. 17 against Legal at 7 p.m. This is your opportunity to turn out and cheer our boys to victory.

News for the Ukrainian Catholic congregation on

Dec. 24 at Redwater, a High Mass at 10:30 a.m. and a Midnight Mass will be celebrated on Christmas Day at Waugh at 10 a.m. and on Boxing Day, Dec. 26 at Fedorah at 10 a.m.

A joint housewarming party was held on Saturday, Dec. 9 for the Jim and Frank Drapers'. Presentation of an electric clock and a purse of money was made to each family. Host and hostess for the occasion were Mr. and Mrs. Don McKay.

Christmas Eve service will be held in the Bon Accord Holy Trinity Anglican Church at 7 p.m.

The annual meeting of the Bon Accord UCU was held in the United Church on Dec. 6th. The slate of officers are: President, Mrs. Hazel Hancock; 1st vice-president Mrs. Earl Chubb; 2nd vice-president Mrs. Faye Middleton; secretary Mrs. Ella McCullough; treasurer Mrs. Karen Luokka; bazaar committee Mrs. L. Nelson; Mrs. Fussell, Mrs. Madden and Mrs. Ardes; publicity Mrs. Les Moore; cards and flowers, Mrs. E. Chubb; card sales, Mrs. L. Nelson; devotions, Mrs. Eldred Miller Missions, Mrs. Faye Middleton; phoning committee - Mrs. Vernon Lewis. Following the business meeting the ladies enjoyed their annual Christmas party. The next meeting will be held on Wednesday, Jan. 3 at 2:30 in the church.

A large crowd of interested ratepayers and parents turned out to the school meeting held at Bon Accord on Tuesday, Dec. 5. Although the meeting voted in favor of the proposed high school by a two to one vote, the consensus of opinion was that the board lacked foresight in their choice of a building site. Not only is their contention that it is now the centre of present and future population a debatable subject, but the near proximity to the city overrules one of the reasons they give for building the school.

Over 100 young people from four years up have registered for lessons in various types of skating. Classes are now underway as scheduled with Mrs. Margaret Sullivan as instructor.

Referee Jim Dent drops puck in the contest between Bon Accord and Villeneuve.

LEGAL LOCALS

By Lucienne Montpetit
Santa Claus is coming at the Legal Co-op on Saturday, December 16 from 1 to 4 p.m. The board of directors, management and staff of the Legal Co-op extend an invitation to all the kiddies to visit Santa, he will have a treat for all of them. They also wish to take this opportunity to thank you, members for your support and wish you a Merry Christmas and wish you a Merry Christmas and a Happy New Year.

Anyone wishing to curl this year should give their names to Mr. Wilfred Le-cavaller or Robert Holzer immediately.

Special thanks to all those who brought artificial Christmas trees for the church, but several more are needed.

The public is invited to attend the school Christmas concert in the school gym on Dec. 21 at 7:30 p.m.

Donald de Champlain employed at the Bank of Nova Scotia in Legal was transferred to Slave Lake. Good luck!

A turkey bingo will be held at the Legal Community Hall on Sunday, Dec. 17 at 8 p.m. Admission \$1 per person for 20 games. Everyone is welcome, to try and win their Christmas turkey.

Mr. and Mrs. Russell Peterson have purchased Rodney St. Martin's house and moved in last week. Mr. and Mrs. Rodney St. Martin moved into Marcel Kremer's former residence.

Mr. and Mrs. Marcel Kremer's friends surprised them Saturday evening for

a housewarming party in their new home. A purse was presented them on behalf of everyone present.

A warm welcome to Mr. and Mrs. Louis Lafrance from St. Albert, who have purchased Mr. Louis Casavant's Barber Shop and Pool Hall. Mr. Lafrance is open for business.

The MD of Sturgeon Recreation Board will be holding a free training and con-

servation course on Dec. 16 - 17 from 9 p.m. to 5 p.m. in the MD of Sturgeon Building. This is a student course leading up to instructor's course in February. For information and registration contact the Recreation Department at 256-3322 or 424-6276.

Mrs. Lea Pelletier and Mrs. Real Champagne are patients at the Sturgeon General Hospital. We wish you a speedy recovery.

Cree Indian Weatherman Predicts Cold Yule

"Between Christmas and New Year's, at the end of the moon the weather will continue very cold, very severe, and the wind will be very harsh. There will be more snow to keep company with the wind, but not as much snow as there was last year on December 27."

That's what's in store for Albertans according to Big Horn medicine man Isaac Beaver. Mr. Beaver is perhaps western Canada's best known weather forecaster. The Stony Indian is the nephew of the late Chief Walking Buffalo, and the son of the late Chief Walking Eagle - both of whom were weather forecasters of renown.

Mr. Beaver's uncanny weather predictions are based on natural phenomena: moon changes, wildlife habits and atmospheric conditions. The age-old tradition of predicting the weather from these signs has, through the years, been passed on from father to son.

To help preserve this tradition, and to allow Albertans to know more about this native art, Alberta's major investor - owned utilities, Northwestern Utilities Limited, Alberta Power Limited and Canadian Western Natural Gas Company Limited will be carrying this special weather broadcast three days a week throughout the year on a total of nine Al-

Isaac Beaver recording his weather forecasts at the Alberta Native Communications Society Centre in Edmonton with Jeff Howard providing the English translation.

berta radio stations - reaching over 95 per cent of the province's population. The program will start in mid-December.

Mr. Beaver's weather predictions will immediately follow each radio station's weather report, providing for some interesting comparisons. Mr. Beaver makes his forecasts in his native tongue which is Cree; Jeff Howard, freelance radio broadcaster and audio-visual director for the Alberta Native Communications Society who speaks and

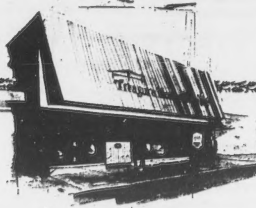

understands Cree, provides the English translation.

It must be remembered, that, to the Indian, the entire weather predicting tradition is a very spiritual one, and initially Mr. Beaver was reluctant to go on the air. He agreed to it, however, particularly since he enjoys matching wits with the white man's science. This challenge is even greater for Mr. Beaver since his predictions are recorded up to 30 days in advance of the date of each broadcast.

The 54-year-old Alberta

native son is an amazing individual. He is a highly perceptive person whose predictions not only deal with the weather but also with conditions throughout the world, and he has great respect for his fellow man.

Isaac Beaver's weather predictions are based on the various signs of nature, but because of its sacred aspect he does not reveal any of his secrets. There is one thing for certain, however, over the years his weather forecasts have, more often than not, been dead accurate.
